

Pebble Mine

“Don't always believe what we say. . . ”

Bruce Jenkins, Northern Dynasty CEO, Mining News, April 24, 2005

OCTOBER 17, 2004: *“Jenkins said no cyanide, a toxic chemical, would be used to extract the minerals, but it's unclear what type of agents would be needed.”*
Anchorage Daily News

JUNE 23, 2005: Northern Dynasty Co-Chairman Bob Dickinson stated *“Northern Dynasty is stepping back from its previous statement that it would not use cyanide as part of the mineral extraction process and now could use the toxic and lethal chemical at the Pebble Mine...”*
Bristol Bay Times

JULY 5, 2005: Ella Ede, Northern Dynasty Environmental Project Manager said *“We made a commitment to stay out of the Upper Talarik Creek because it is sensitive fish habitat.”*
Peninsula Clarion

JULY 11, 2005: The State Division of Mining, Land and Water stated, *“They have and are doing some drilling in the Upper Talarik Creek Watershed.”*
Alaska Department of Natural Resources

I'm ready for a fish fight!
